

## TONOPAH LEADS THE COUNTY IN BULLION TAX

OFFICIAL FIGURES MADE KNOWN  
BY COUNTY RECORDER  
PUDDY GRIMES.

County Auditor and Recorder Puddy Grimes yesterday completed his quarterly bullion tax report of Nye county for the quarter ending March 31. As usual the Tonopah district is far in the lead in the sum paid into the state coffers on the bullion output.

The total amount for the quarter aggregates \$6380.26 and of which this camp contributes \$5327.28. Round Mountain is second with a contribution of \$932.32. This sum was paid by the Round Mountain Mining company. The only mine in the Rhyolite district that profited in the production was the Montgomery Shoshone which paid \$109.26. The Ellsworth-Bannagarter lease in the Goldfield district paid but \$1.40.

The figures again demonstrate the fact that Tonopah happens to be the greatest mining camp in the world and is maintaining a steady production for every month in the year.

The report will be sent to State Bullion and Tax Collector Haley and it is thought that his report will convey the information that Nye county again leads the state in the amount paid on bullion.

## "CUPID" SWARTZ LOSES FOOT RACE BY ACCIDENT

THE IDOL OF THE TONOPAH  
CLUB IS BEATEN BY "BEANS"  
MERTEN.

The remarkable feat of running a hundred yards in 16 5-8 seconds that was witnessed by a large crowd of Tonopah people at 11 o'clock last evening on the main street of this city. An argument between "Beans" Merten and "Cupid" Swartz, the champions of the Tonopah Liquor company and the Tonopah Club, respectfully, was the cause of the race, and as an evidence of their confidence each contestant deposited \$20 with a stakeholder.

The distance was marked off and at the word "go" both started hot-foot up the street. For the first ten feet Swartz led by a nose with Beans a close second. Then Beans spurred and at the 25-yard mark was several inches in front of the idol of the Tonopah Club. This caused a groan of dismay to ensue from the followers of the big six-footer, but when his little boy, who happened to be in the crowd, yelled "Go it, papa," the tall sidewalk Apollo, using a burst of surplus energy, dashed again to the front, this time leading by two noses.

But Tom Griffin was there with a speed tablet, and thinking of the vast amount wagered from the liquor company on Beans, he urged his representative to beat it out. And it was in this manner that the two dust raisers continued up the street. On one side was Swartz, Jr., yelling for papa to bring home the bacon, and on the other was Tom Griffin's little boy, shouting "Go it, papa," and the tall sidewalk Apollo, using a burst of surplus energy, dashed again to the front, this time leading by two noses.

The finish was the most exciting part of the entire contest for the two racers were just about even with Swartz having a shade the best. He was even dreaming of how he was going to spend that twenty when suddenly he noticed a fair damsel standing on the sidewalk. In an instant he had forgotten all about the race and pausing he let fly one of those most captivating smiles, of which he carries a good supply in stock. He stopped just one foot from the line and in a fraction of a second Beans had broke the tape and was declared the winner. The cries of disgust from the Tonopah Club bunch never reached Swartz's ears for his mind was set on receiving a return smile from the fair one, who unconscious to the fact that she had caused the big fellow to lose twenty bones, continued her way up the street, accompanied by her escort, who had escaped Swartz's notice.

## OFFICIALS OF POSTAL TELEGRAPH VISIT TONOPAH

ARE MAKING OFFICIAL TOUR OF  
INSPECTION THROUGHOUT  
NEVADA.

E. J. Nalley, first vice president and general manager of the Postal Telegraph-Cable company; W. I. Capen, general superintendent of the plant, and H. F. Hawkins, assistant secretary of the company, all of New York, and J. G. Blake, general superintendent, with headquarters at San Francisco, arrived in Tonopah from Reno yesterday on a tour of inspection of the Postal lines and spent the day here. They were met by Key Pittman, president of the Southern Nevada Telephone-Telegraph company; F. G. Waterhouse, general manager of the same concern; Malcolm Macdonald and Judge M. R. Averill. The visitors were the guests of the local gentlemen at a dinner last evening, after which all departed for Goldfield in autos where they spent the night.

This is a regular tour of inspection and the party has journeyed from Salt Lake. Their ultimate destination is Los Angeles.

"While the Postal lines are practically new to southern Nevada," said Mr. Nalley to a Bonanza reporter, "the company already feels justified by the venture. There is a possibility that at an early date the lines will be run from Reno to this city and then on east through Ely to Salt Lake."

"This is my first visit to southern Nevada, and from the amount of mining activity I have witnessed by my short stay, the appearances lead me to believe that your section of the state will prove within a short time, to be the greatest mining center in the union. If it was not for urgent business that demands my attention in Los Angeles I would remain here for some length of time and visit your wonderful mines. As it is if I can break away from my duties I will return here within a short time."

## MANY PEOPLE ARE VISITING THE NEW DISTRICT

OPENING OF TOWNSITE IS DE-  
LAYED—PLAT MAY BE  
FILED TODAY.

Owing to the fact that M. D. Bailey, who has charge of the townsite at Ellendale, did not return yesterday from that district, the plat was not filed with the county commissioners. The exact date of Mr. Bailey's return is not known, but it is thought that he will come in today, and if so the townsite will be thrown open tomorrow.

Reports received from the new district yesterday state that over 300 people were already on the ground. Nothing further could be learned of the new strike reported to have been made.

Throughout the day a number of autos left this city each loaded with passengers. Many are making preparations to move to the new district, and several of the merchants have already commenced to pack up a portion of their goods, preparatory to starting up branch establishments.

## WINNEMUCCA VOTES FOR A SEWER SYSTEM

PROPOSITION TO BOND THE  
TOWN CARRIES BY SMALL  
MAJORITY.

Winnemucca will have a sewer system, the proposition to bond the town for that purpose having carried at the special election held last Saturday.

The majority in favor of the sewer bonds was 14. The total vote cast was 248, of which "Yes" received 131 votes and "No" 117.

The election passed off very quietly, there being no demonstrations of any kind during the day. All the saloons were closed during the day and it was noticeable that not a drunken man was seen on the streets during the hours the polls were open.

Immediately after the polls closed the count was proceeded with and the result was known a half hour later. The announcement that the bond proposition had carried was, of course, received with both favor and disfavor, the sentiment being so nearly equally divided, but in the main the opponents of the proposition proved themselves good losers and gracefully acceded to the will of the majority. Some of those who most strenuously opposed the bond issue have threatened to contest the election, alleging that there were irregularities in the registration, but if there is to be a contest no definite action to that end has been taken as yet.
